适合旅行携带，很轻

good book

书很轻，便于携带，非常棒

有为证，以及我初中高中的同学！

挺好，喜欢

书很不错，慢慢看吧，包装很一般

不错的物品

书本寄过来的时候封面是有褶皱的。这本书是买来送人的，搞到这样还怎么好意思送出去？有质量问题为什么不先说明？

纸张质量很差，不如买电子书！

还没看

正品

好书

书弄的特别脏，到处都是泥手印，

Using statistical analysis for decision making... But this book explained all in a way that is easily understood by most none mathematician.

Gooooooooooooooooooooooooooooooooooooo
